JULY/AUGUST 2022

Volume 7, Issue 7

ROLLING HILLS GOLF CLUB

DHAHRAN, SAUDI ARABIA

## PRESIDENT'S MESSAGE

As the Kingdom has lifted COVID restrictions, RHGC is operating as it once did. You no longer have to show the Tawakkalna App when checking in and you no longer have to wear masks in the ProShop or the Clubhouse. Water is back on most of the holes and we are working to get the containers fixed so that all holes have water. RHGC is also looking to get an ice machine for the Clubhouse so members can once again have free ice prior to heading out onto the course.

The Code of Conduct for RHGC members has been approved by Recreation and is now posted on the [RHGC Website](#). All primary and spousal members have been sent an email via SurveyMonkey with regards to the Code of Conduct. More about this can be found on page 3 of this newsletter.

See you on the course,  
Bruce Waldner

## SAFETY NOTICE

A RHGC member was recently reported in a safety observation for cutting across the upper parking lot through the parking spaces in a golf cart, narrowly avoiding a collision with a car driving down the same lane. Members are reminded that golf cart owners must follow the same rules of the road as cars regardless of whether you are in the RHGC parking lot or on the road in the camp. Golf carts offer little protection as compared to a passenger vehicle, and the cart driver or passenger can be seriously injured or even killed in a collision.

In order to reduce the amount of golf cart traffic in the upper parking area, the chains preventing access to the cart path behind Chilis and the lower cart sheds will be left open. Note that the other chain mounted on two removable posts between the lower parking and the Chilis loading dock should always be left in place to prevent vehicular traffic from entering the golf course.

Members can help keep RHGC safe by using good driving practices and being aware of your surroundings no matter what type of vehicle you are driving on the road or in a parking area.
